Happy

THANKSGIVING

A Letter From Dr. Hotze

"We give thanks to You, O God, we give thanks, for Your name is near; we declare Your wondrous works." (PSALM 75:1)

Before the Thanksgiving Day meal, our family gathers together, seven children with their spouses and 23 grandchildren, and we read out loud George Washington's 1789 Thanksgiving Proclamation. It has been a Hotze family tradition for decades.

Washington's 1789 Thanksgiving Proclamation reflects the Biblical worldview of our Founding Fathers. This worldview needs to be kept alive. This can be achieved by reading this proclamation with your family members on Thanksgiving Day. Our nation's Christian heritage must be passed on to our children and grandchildren.

You will find the George Washington's 1789 Thanksgiving Proclamation on page 5.

My prayer is that you and your family have a wonderful Thanksgiving Day and weekend.

Sincerely yours,

Steven F. Hotze, M.D.

Tips to Prepare for Your Follow-up Visit

by Selene Malek, BBA, Hotze Health & Wellness Center

Most of our guests prefer having their final lab results available prior to their follow-up appointment. In the weeks leading up to your visit, we strive to help you get your blood drawn at a convenient time and place.

With our routine labs, we recommend fasting for

at least 6 hours and drinking plenty of water so you are well-hydrated (this makes it easier on you and the phlebotomist). Depending on which tests are needed, we may discuss other instructions when you call. Please feel welcome to call us at **281-579-3600** a few weeks prior to your scheduled appointment so we may assist you.

Meet Selene Malek Medical Administrative Assistant

Selene is originally from Alabama (Roll Tide!) but grew up in San Antonio (Go Spurs Go!) where she graduated from St. Mary's University. She has been in Houston since marrying her husband George 14 years ago. They have two boys, Gavin and Joey, who are both in Junior High. They also have four rescue dogs. Says Selene, "Our house is crazy but I wouldn't have it any other way!"

Selene spends most of her time at her sons' practices, games and swim meets. "I love watching my boys do what they love! I also enjoy reading

and catching up with friends."

"It's a privilege to be on such an amazing team. Our nurses, providers, and everyone else on the Medical Team go above and beyond every day for our guests," says Selene. In addition to supporting the administrative needs of our providers and nurses, Selene updates the guests' charts in preparation for their visits, both in-office and over the phone.

"It's very fulfilling to be a part of our guests' journeys. I've been with the wellness center for almost three years now and there's nothing better than being witness to someone getting their life back! I've seen many times over the impact natural health and wellness can have. It truly can be life-changing!"

PROTECT YOUR RIGHTS TO TAKE HORMONES

The **FDA** is currently considering policies that would at a minimum make it harder for you to get your prescriptions filled for bioidentical hormones, and at worse outlaw most compounded hormones that they think compete with one-size-fits-all drug company products.

George Washington's
**1789 THANKSGIVING
PROCLAMATION**

WHEREAS it is the duty of all nations to acknowledge the providence of Almighty God, to obey His will, to be grateful for His benefits, and humbly to implore His protection and favor; and Whereas both Houses of Congress have, by their joint committee, requested me to recommend to the people of the United States a day of public thanksgiving and prayer, to be observed by acknowledging with grateful hearts the many and signal favors of Almighty God, especially by affording them an opportunity peaceably to establish a form of government for their safety and happiness.

NOW, THEREFORE, I do recommend and assign Thursday, the 26th day of November next, to be devoted by the people of these States to the service of that great and glorious Being who is the beneficent author of all the good that was, that is, or that will be; that we may then all unite in rendering unto Him our sincere and humble thanks for His kind care and protection of the people of this country previous to their becoming a nation; for the signal and manifold mercies and the favorable interpositions of His providence in the course and conclusion of the late war; for the great degree of tranquility, union, and plenty which we have since enjoyed; for the peaceable and rational manner in which we have been able to establish constitutions of government for our safety and happiness, and particularly the national one now lately instituted for the civil and religious liberty with which we are blessed, and the means we have of acquiring and diffusing useful knowledge; and, in general, for all the great and various favors which He has been pleased to confer upon us.

AND ALSO that we may then unite in most humbly offering our prayers and supplications to the great Lord and Ruler of Nations and beseech Him to pardon our national and other transgressions; to enable us all, whether in public or private stations, to perform our several and relative duties properly and punctually; to render our National Government a blessing to all the people by constantly being a Government of wise, just, and constitutional laws, discreetly and faithfully executed and obeyed; to protect and guide all sovereigns and nations, especially such as have shown kindness to us, and to bless them with good governments, peace, and concord; to promote the knowledge and practice of true religion and virtue, and the increase of science among them and us; and, generally to grant unto all mankind such a degree of temporal prosperity as He alone knows to be best.
